## SV DELOS - HOW WE PAY FOR IT

Brian Trautman of **YouTube** sensation **SV DELOS** will discuss some of the costs associated with cruising, where his favorite cheap spots are, and how it's possible to use the internet and social media to fund this lifestyle.

## RUBY ROSE - FRENCH CANALS

Nick and Terysa from popular **YouTube** Channel *Sailing Yacht Ruby Rose*, dreamed of exploring French Canals by sailboat. They will discuss how they turned their sailing yacht into a canal boat, the logistics and costs, and the highlights of their journey.

## JUMP START YOUR ELECTRICAL SYSTEM

Join marine electrician **Bob Campbell** as he gives an overview of and how to maintain and improve your boat's electrical system.

## NAVIGATION APPS

As we navigate into the 21st century, the incorporation of technology with traditional navigation methods can lead to greater accuracy and confidence. Explore how to combine the latest tablet and smart phone apps with traditional methods.

## GETTING YOUR CAPTAIN'S LICENSE

Between the USCG requirements for sea time, physicals, applications and examination, getting a captain's license can seem daunting. Annapolis School of Seamanship's expert captains will discuss the ins and outs of becoming a licensed captain.

## MARINE DIESEL BASICS

Pros from the Annapolis School of Seamanship will run through the basics of marine diesel engine operation and maintenance, as well as troubleshooting common problems.

## DOCKING DE-STRESSED

Is docking your vessel causing you stress and anxiety? Let the Annapolis School of Seamanship show you the ropes, tricks, and techniques to make docking easy.

## WOMEN AT THE WHEEL

Designed by women for women, this seminar covers what you need to know before getting out on the water. A combination of safety, boat handling, and terminology. Sunday at the show wouldn't be complete without mimosas provided by Pusser's!

## NAVIGATION APPS

As we navigate into the 21st century, the incorporation of technology with traditional navigation methods can lead to greater accuracy and confidence. Explore how to combine the latest tablet and smart phone apps with traditional methods.

## ASK A CAPTAIN

Do you ever wish you had a professional captain onboard with you so you could ask questions about the situations that challenge you on the water? Join Annapolis School of Seamanship for this question and answer session.

## BERMUDA BOUND

Dream of sailing to Bermuda? This challenging course combines inshore and offshore racing and enables sailors to fulfill a lifelong ambition of a bluewater passage. Join veteran sailor and race chair **Michael Lehmkuhl** for this overview.

## CRUISING THE ICW

Whether you're heading for Key West or the Great Loop, one leg of the voyage is generally the Intracoastal Waterway (ICW). *Chesapeake Bay Magazine's* **Jody Schroath** will lead a discussion about the joys and pitfalls of cruising inland waters.

## SAILBOAT PLUMBING

Marine heads, gray water, black water, potable water, water makers, bilge pumps, macerator pumps, washdown pumps... The world of sailboat plumbing has become a complex maze of pumps, tanks, and valves. Join us for an overview of options available and how to use them.

## WEEKEND ON THE CHESAPEAKE BAY

Join *Chesapeake Bay Magazine's* **John Stefancik** to explore Chesapeake towns that make for easy one and two-night weekend trips on almost any boat. We'll visit ports loaded with history and good restaurants, and some fine marinas, too. Plan a summer to remember!
